

**Academic year 2024/2025**

**Courses offered by the programme**

## **Génie Mécanique et Automatique (GMA) Mechanical and Control Systems Engineering**

**Semester(s) :**

Curricula are organized in groups of courses (Unités d'Enseignement (UE)), consisting of several courses (Eléments Constitutifs (EC)). An EC is a teaching module including lectures (cours magistraux (CM)), tutorials (travaux dirigés (TD)), laboratory work (travaux pratiques (TP)), projects (PR), conferences (CONF), personal work (TA) and possibly other pedagogical activities (DIV). Some internships (stages (ST)) are compulsory

### **Commonly used abbreviations**

**CM : Lectures  
TD : Tutorials  
TP : Laboratory Work  
CONF : Conferences  
TA : Personal Work  
PR : Project  
ST : Internship  
DIV : Miscellaneous**
